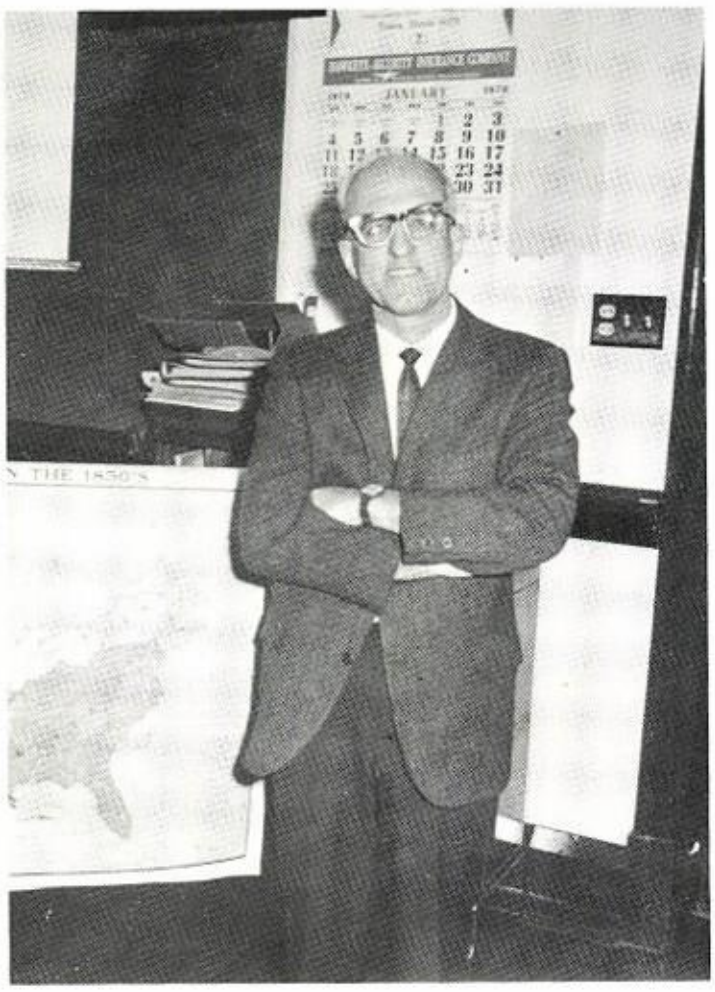
We Dedicate the 1970

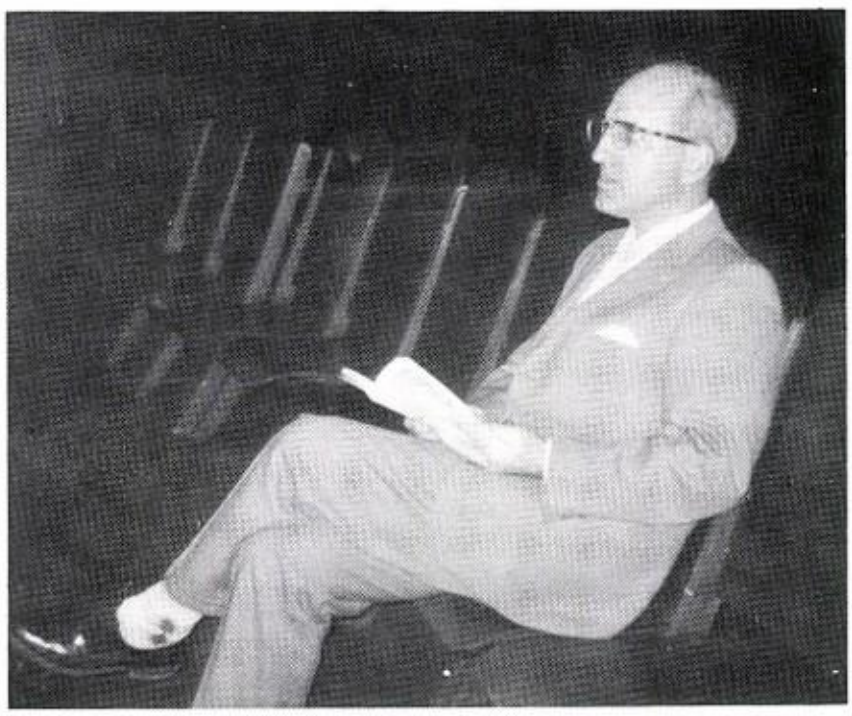
Mr. A. E. Sickley

Mr. A. E. Sickley was born in Leanore, Illinois. He graduated from Tonica High School. He attended University of Illinois, St. Bede's College, and Lyola University in Chicago where he completed his master's degree. Mr. Sickley worked in marketing research for Sylvania Company in Chicago for a number of years.

Tonica was fortunate for Mr. Sickley to teach history and economics during the past six years. In these years Mr. Sickley has proven to be a friend as well as a teacher. He has advised four different classes through their junior and senior years—volunteering to help with their problems and projects. He has directed seven plays in which junior and senior classes have produced. Also for a number of years Mr. Sickley has been our counselor. We would like to show our appreciation in this small way for making better people of the students of T.H.S.



He is a friendly counselor.



He directs plays.

Mirror to You

Miss Sandra Cavaletto was born in Spring Valley and attended four years of Hall High School. Miss Cavaletto received her bachelors degree at Marycrest College in Davenport, Iowa. She has been working on her master's at Illinois State University.

Six years ago, Miss Cavaletto started teaching English at Tonica High. Volunteering her time, she was class advisor for four years. She was also advisor of Civic Council for one year. Miss Cavaletto has always been ready to help with our literary and grammar problems. She spends a lot of time helping the literary section in the school paper. Miss Cavaletto is truely a good teacher in preparing students for the future. We thank her by dedicating 1970 MIRROR to her for contributing much time, patience and knowledge.

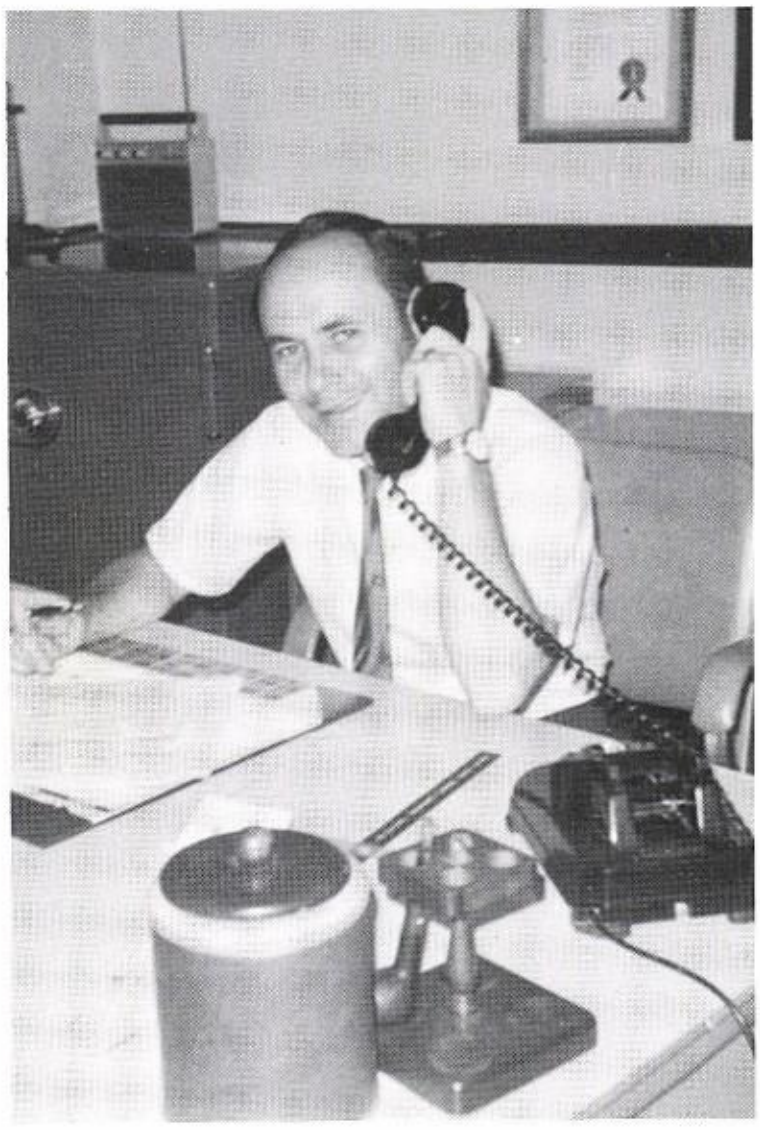
The Center of Important Decisions

Mr. Diebolt and Mrs. Earles.

State records keep Mrs. Earles busy.

Our new principal, Mr. Diebolt has changed the office into a center of important decisions and discussions. Phone calls, mail, organization business and all other educational matters are discussed here. The efficient work by Mrs. Earles and Mr. Diebolt made the whole educational system run smoothly through out the year.



The telephone plays an important role at Tonica High.

Students feel free to ask advice.

School Board Weighs Decisions

President Ford and Principal Diebolt discuss the coming events for the year 69-70.

Meeting every second Tuesday of each month, the school board makes the decisions that count. This year the board has made many changes and improvements for T.H.S. Among these improvements we have senior rights and a look into the future for Tonica Community High School.

Our thanks go to this group of concerned citizens who try to make life at T.H.S. more educational and profitable for the student body.

Standing: Robert Henning, H O. Ryan, Alfred Johnson, Lloyd Johnson, Glen Holloway. Sitting: Bruce Steele, Burdette Ford.

Working Toward New Horizons

FHA activities for the year of 1969-70 was varied with many community and chapter projects. We opened out the year by having a fishing pond at the Tonica Homecoming. Other activities included packing boxes for servicemen, selling cookbooks, helping with Easter Seal Drive. There were fun things too, such as the fall rally at Oswego, the caroling party, and many interesting speakers enjoyed at our meetings. We would like to thank Mrs. Robert Henning and Mrs. Robert Puetz, our chapter mothers, for making most of these activities possible.

Editor—Laura Martin
Assistant Editor—LeAnn Bassett
Advisor—Mr. Myler

This year Tonica Community High School changed the name of its school paper to "Warrior Country" because the students felt that "School Daze" had grown old and a new name was needed. Another change took place when "Warrior Country" was given a column in the LaSalle "Teen-Trib". Thus paper staff was kept busy typing up "Warriro Country" and writing for the "Teen-Trib". The paper staff has completed another successful year, and should be proud of a job well-done.

LEARNING SEASON FOR THE BASEBALL WARRIORS

The 1969 Warriors were young and for the most part, inexperienced. Playing against our tough Tri-County opponents, we got alot of valuable game experience which will help for next year. Learning the basics as well as the more difficult parts of the game made 1969 a building year. We weren't tops, but we practiced hard and learned alot while having fun. Next year the Warriors should be serious contenders in the Tri-County.

The Junior class this year is represented by 35 proud students. They have worked hard throughout the year on many projects to put on that one special event everyone looks forward to—The Prom.

Also in the 69-70 year the Juniors received their rings and enjoyed the idea of being upperclassmen. They have participated in most organizations and helped build T.H.S. into what it is today.

It isn't easy to put together a yearbook. It takes a staff willing to design the book. It takes an advisor willing to sacrifice his time for the book. It takes a publisher willing to print the book.

But just as important as all these, it takes money to finance the book. On the succeeding pages are listed the business firms and generous people who have shown their support for Tonica High School.
